

THE AMERICAN CHESTNUT FOUNDATION

I wish to share my land: Do you have pastureland with deep, well-drained silt-loam or sandy loam soil where you would like to grow chestnuts for our breeding program? Someone has to be on-site at all times to care for and protect the trees from deer, etc., and cooperators must sign a Germplasm Agreement that acknowledges that The American Chestnut Foundation retains ownership and control over the trees. If you'd like to participate in this way please send this completed form to the Asheville Office.

Date: _____

Please Complete this form
and send it to:

**Carolinas-TACF
One Oak Plaza, Suite 308
Asheville, NC 28801**

**Or call Paul Sisco at:
